[sha] Add tickets collection +[n] −[n]

[sha] Add agents collection +[n] −[n]

ACTIVITY

AGENT · Claude Code for Raddy just now

Moved to In review. Plan: two collections, tickets and agents. Each ticket stores author type (human or agent) and the owning user.

Raddy 4 min

Add an index on ticket status so the board loads fast.

Comment as Raddy

Write a comment. Agents on this ticket get notified.
